## **Yard Waste Recycling Centers Open for 2015**

The Hendricks County Solid Waste Management District's Yard Waste Recycling Centers in Brownsburg and Plainfield opened for 2015 on Friday, April 3<sup>rd</sup>.

The Yard Waste Recycling Centers allow residents to drop-off organic wastes (brush, grass clippings, leaves, firewood, etc.) generated from households (no business wastes, please). Fees based on the amount of yard waste to be recycled are assessed.

The Brownsburg Yard Waste Recycling Center, located at 90 Mardale Drive, is open from 7am to 5pm on Tuesdays, Fridays and Saturdays. Residents may call 317-858-8231 during those hours with questions. Wood chips are often available for residents to pick up at no charge at this location.

The Plainfield Yard Waste Recycling Center is located at 7020 S. CR 875 East and is open from 7am to 5pm on Mondays, Fridays and Saturdays. The phone number to that location is 317-838-9332.

The Yard Waste Recycling Centers are open from April through November each year. In addition, the sites are made available from the latter part of December through the middle of January for residents to recycle Christmas Trees for free. The material collected through the yard waste recycling program is ultimately processed into mulch or compost.

Only organic material is to be left at these facilities. Tree stumps, sod, soil, building materials plastic bags and other trash cannot be deposited at the Yard Waste Recycling Centers. Firewood may be left at the Centers at no charge for others to pick up to use. Customers are responsible for unloading all material.

For more information about hours, locations or pricing guidelines please call the District's office at 317-858-6070 or visit [HendricksSolidWaste.com](http://HendricksSolidWaste.com).

The mission of the Hendricks County Solid Waste Management District is to promote recycling, waste reduction and responsible waste management within Hendricks County.
